Location

EXPLORING ONE OF THE MOST BEAUTIFUL NEIGHBORHOODS IN THE CITY.

Take a break from work and walk true Alvaro Obregon or grab coffee at Parque Luis Cabrera or Parque Rio de Janeiro, both just a few minutes walk.

La Roma is an area of Mexico City that, together with Colonia Condesa, it is designated as a "Barrio Mágico Turístico" ("Magic Neighborhood for Tourists").

Together they are often referred to as Roma-Condesa, one of the most architecturally significant and bastion of the creative communities of the city.

The area is considered to be fashionable and popular with younger businesspeople, students and pet lovers. It features a large number of international restaurants, bars and nightclubs.

"Condesa" means "countess" and it is named after María Magdalena Dávalos de Bracamontes y Orozco, the Countess of Miravalle, whose lands stretched from what is now Colonia Roma to Tacubaya.
